

3 Light Modern Cluster Pendant Fixture

Installation Instructions for item AL10017P3

AMBIATE

CAUTION: To prevent electrical shock, ensure electricity has been turned off at the circuit breaker before beginning.

- Read all instructions before installing.
- Ensure all electrical connections must be made in accordance with the National Electric Code and local codes and ordinances. If you are uncertain of the methods of installing electrical wiring and lighting fixtures, secure the services of a qualified licensed electrician.
- Retain installation instructions for future maintenance reference.

PREPARATION

1. Shut off the power at the circuit breaker and remove existing fixture, including the mounting plate.
2. Carefully unpack your new fixture and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.

MOUNTING THE FIXTURE

3. Determine the desired hanging height and thread stems (H & I & J) to the tube (K).
4. Screw the stems (H) into the canopy (F) and tighten.
5. Adjust the length of the nipple (B) to suit your needs.
6. Install the mounting plate (A) on the outlet box using the mounting screws (C).
7. Connect the fixture wire to the mains wire by wire nuts (D & E), smooth wire with live wire, ribbed wire with negative wire, ground wire with ground wire.
8. Fix the canopy (F) to the mounting plate (A) by the ball nut (G).
9. Place the cap (L) and glass shade (N) on the socket and tighten it by using socket rings (M).
10. Install bulbs (not included) into sockets, not to exceed max rated wattage. Turn on power at the circuit breaker.
