

*Van Zyverden's*  
**ELEPHANT EARS DIAMOND HEAD**

Elephant Ear bulbs are among the most eye catching of the bulbs available for purchase. Not only are they one of the largest flowering bulbs but they are also very versatile and can grow with little sunlight to full shade. Beautiful on their own or planted as a back drop for your favorite blooms, they provide a bold tropical effect in nearly any garden. Grown for only their foliage which are reminiscent of an elephant's ears. Once established they require little to no attention.

*Huge, tropical,  
blackish leaves*

*Can be grown in full sun,  
but partial shade preferred*

*Adapts well to growing  
in large containers*

*About This Variety:* The genus of this special variety, *Colocasia*, is the species *esculenta* and the variety 'Diamond Head'. It's a spectacular Elephant Ear, with large purple-black leaves and stems that are dark and shiny. It is a tropical perennial, a fast grower, and does well in boggy soil conditions. It will make a dramatic impact in the home garden.

*Growing Instructions:* Plant outdoors only after soil and night temperatures have warmed up above 60°F.

*Care Tip:* They love water so much that you can even plant them in ponds. Never let the soil dry out.

*Exposure:* Full sun to partial shade

*Height:* Grows 4-6' tall

*Spacing:* Plant 3-4' apart, 2-3" deep

*Hardy in:* USDA zones 11-12

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
