PERGO EverCraft[™]
Waterproof High-Performance Hybrid Resilient Floors

FEATURING

A stunning combination of performance and sustainability.

Want a beautiful floor that's both stronger for your busy life and gentler for our planet? Here it is. Pergo® EverCraft™ floors are made from 70% total recycled content with an 80% renewable, organic core, and they're also PVC-free.

These hybrid resilient floors offer the authentic hardwood look you want with rich colors, natural textures and real-wood characteristics recreated using NatureHD™ technology. We know pets are part of the family, so EverCraft floors include a Lifetime Pet Scratch Warranty for worry-free, long-lasting protection against pet scratches — guaranteed.

Lifetime Pet Scratch Warranty*

Engineered to withstand playful paws and guaranteed by our Lifetime Pet Scratch Warranty.

NatureHD™ Technology

Recreates the authentic hardwood look you desire with natural colors, textures, and wood characteristics.

Environmentally Responsible

Made from 70% total recycled content with an 80% renewable, organic core — and it's PVC-free.

* See warranty for complete details.

WATERPROOF + WATERTIGHT WORRY-FREE™

Patented WetProtect® technology offers a waterproof finish and watertight locking joints, which keeps liquids on the surface so they won't seep through to damage the subfloor below. Plus, Pergo offers the only complete waterproof flooring system that comes with a **lifetime surface and subfloor waterproof warranty.***

For wall to wall waterproof protection, Project Source® quarter round for Pergo® floors also features WetProtect technology. This paintable waterproof molding is designed to cover the expansion space between the floor and the wall to provide a waterproof perimeter seal that adds an additional layer of protection for your subfloor.

WetProtect PRODUCTS

ORDINARY PRODUCTS

Did you know that a floor can be “waterproof” even if it doesn’t protect your subfloor?

Many waterproof floors only protect the surface of your floor, leaving your subfloor vulnerable to any water that leaks through gaps in the floor causing mold, mildew, or subfloor damage.

Project Source waterproof quarter round can also be used to seal the perimeter for all floating floors available at Lowe's.

* See warranty for complete details.

Made for busy families,
like yours.
