

# WATER-BASED Waterproofing

**Water-based Waterproofing** adds and restores water repellency to new, delicate, aged, worn, or sun-damaged fabrics. Use on boat tops, covers, cushions, and other outdoor fabrics. The unique solvent-free, water-based formula is low-odor, and can be used while the boat is in or near the water. It is also ideal for protecting outdoor gear. **Non-PFOA contributing.**

For heavy-duty, acrylic, or marine-grade fabrics, try our solvent-based Star brite Waterproofing.

**PREPARE SURFACE:** Clean fabric first with Ultimate Fabric Clean, and allow to dry completely.

**DIRECTIONS:** Shake well. Lay fabric flat and spray surface until thoroughly wet. Spread the product with a brush or sponge to cover entire surface. Avoid overspray or drips. Allow to dry completely before use, folding, or storage. Keep from freezing.

**NEXT STEPS:** Treat fabric seasonally for continued protection, or as often as needed. Clean up any dirt or grime with your favorite Star brite wash or cleaner.

**CAUTION:** EYE IRRITANT. Contains: Isopropyl alcohol. May cause slight irritation to eyes. If in eyes, rinse cautiously with water for 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing for 15 minutes. Obtain medical attention if irritation develops or persists. Avoid prolonged contact with skin, if on skin, rinse with water for at least 15 minutes. Obtain medical attention if irritation develops or persists. If swallowed, rinse mouth. Do NOT induce vomiting. Get medical advice/attention if you feel unwell. Avoid freezing this product. Keep out of reach of children.

**⚠ WARNING:** Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
