

Mobile Mirror with Combo Weight Rack

ADIME908-01

Designed for high-traffic physical therapy and sports medicine environments, the **Mobile Mirror with Combo Weight Rack** provides a professional-grade solution for real-time patient feedback and resistance training. The two-sided, safety backed glass mirror allows multiple patients to monitor their form, gait, and alignment simultaneously. By integrating a 480 lb. weight capacity into a slim 18-inch profile, this unit maximizes clinic floor space while ensuring that all your essential tools, including 48 cuff weights, 22 dumbbells, and 6 rolls of tubing, remain organized and within arm's reach.

This workstation is built from premium plywood to provide a low center of gravity and a rock-solid base that ensures patient safety and eliminates wobble during use. The industrial grade locking casters allow a single clinician to effortlessly transition the station between treatment rooms and then secure it firmly in place for exercise.

Features

Organization: It is designed to keep your most-used tools organized and accessible, with dedicated space for 48 cuff weights, 22 dumbbells, and 6 rolls of exercise tubing.

Dual-Sided: The two-sided mirror with safety backing allows for simultaneous use by multiple patients, making it perfect for gait training and posture correction.

High-Capacity: Maximize your space with a heavy-duty 480 lb. capacity that allows you to organize your full resistance set without overcrowding your facility.

Space-Saving: At just 18 inches wide, this unit provides a dual-purpose treatment station (mirror and storage) while taking up minimal floor space, ideal for smaller clinics or crowded rehab bays.

Secure: Equipped with industrial grade locking casters, the station can be easily repositioned by a single clinician and then locked firmly into place to ensure patient safety during use.

Clinic Ready: This high-capacity unit includes integrated bumper molding to safeguard facility walls from scuffs during movement.

Aesthetic: The natural wood finish provides a modern, professional look that complements any physical therapy, chiropractic, or sports medicine facility.

Compatibility: This unit is fully compatible with Viva Essentials ADIME920-110 Hand Weights, allowing you to stock your mirror with the hand weights needed.
