

## SETTING YOUR PERSONAL COMBINATION

Your new resettable combination lock is preset to open at 0-0-0

### Step 1

Adjust the dials to the code window of the digital display for the initial 0-0-0-0

### Step 2

Rotate the shackle 90° counter clock wise and press down

### Step 3

Turn the dials to your own combination

### Step 4

Lift and turn shackle to initial position, now your combination has been set successfully
