

# KING'S RACK

## Shelving Use and Care Manual

- Please follow the instruction manual to properly assemble the product
- Work gloves is highly recommended during the installation process
- Distribute the weight evenly when loading the heavy items on the shelving, and do not overload items
- Always put heavier items on the lower shelves to keep the unit from tipping
- Bolting the shelves to the wall to best secure the units
- Clean using a mild detergent solution or disinfectant
- Worry free for the maintenance
