

FRASER HILL FARM®

Snowy Downswept Collection

Fraser Hill Farm's Snowy Downswept artificial Christmas tree features angled, lifelike foliage, and an all-metal hinged branch construction for strength and durability. Each model is specially crafted using the finest materials to not only look realistic, but to provide you with many seasons of use and enjoyment as well. The tree needles are constructed out of non-allergenic and flame-retardant materials then dusted with glittery flocking to resemble freshly fallen snow. These details create the look of a natural tree that requires hardly any maintenance.

Place one in a corner for a lovely accent or get two to frame a door, entryway, or fireplace. With the Snowy Downswept Christmas tree, simply unfold out of storage and decorate!

Model Number	UPC	Height	Width	Description
