

Parts Included:

- 1- Table
- 2- Benches (2)
- 3- Support Rails (2)
- 4- Leg Brackets (12)
- 5- $\frac{5}{8}$ " (16mm) Leg Screws (12)
- 6- $2\frac{5}{32}$ " (55mm) Bracket Bolts (12)
- 7- Nuts (12)

Steel frame and legs support: 300 lbs - Table
500 lbs - Benches (evenly distributed)

Tools Required:

Phillips Head Screwdriver - $\frac{1}{2}$ " (13mm) Wrench

Step 1:

Open Table and Bench legs.

Step 2:

Flip Table and Benches over and attach brackets to the bottom of all the legs using the $\frac{3}{4}$ " screws. Be sure to align the brackets with the notches on the bottom of the legs. Tighten securely.

Step 3:

Attach the Support Rail to the Bench Leg Brackets with supplied Bracket Bolts and Nuts. Repeat on the other end of the Benches. Tighten all Bolts and Nuts securely.

IMPORTANT
Bottom Rails MUST be removed before folding for storage.

Step 4:

With a partner, lift the Bench Assembly and align the holes in the Rails with the holes in the Table Brackets. Secure the Table to the Rails with the remaining Bolts and Nuts. Tighten securely.

Step 5:

Again, with a partner, lift the completed Picnic Assembly and turn it right-side up.
