# installation instructions

Take a deep breath going in.  
This is easy even if you are not  
used to tools. Just follow these  
steps to the T, and the  
outcome will be  
worth it!

step 1:

Place the shelf on the wall and put a spirit level on it to check the alignment. Adjust if needed.

step 2:

Once the shelf is straight to the wall, make two points using a pencil, taking this image as reference.

step 3:

Drill holes approx. 10 mm at the points you just marked

step 4:

Insert the wall plug (D) and tighten with the help of a screwdriver.

step 5:

Now, align the shelf & screws and tighten all the screws with the help of a screwdriver.

---

**Voila! Your shelf is now installed and secure!**
