VERY IMPORTANT SAFETY INFORMATION:

- This fan is suitable for outdoor use.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard. Do not use an extension cord with this fan.
- To reduce the risk of injury to persons, install wall mounting fan at least 2.1m (7 feet) above the floor.

WARNING: To Reduce The Risk Of Fire, Electric Shock Or Injury To Persons, Do Not Use Replacement Parts That Have Not Been Recommended By The Manufacturer (e.g. Parts Made At Home Using A 3D Printer).

CAUTION: To reduce the risk of electric shock, connect only to an outlet provided with a ground fault circuit interrupting device.

DANGER: Do not submerge motor in water or allow motor to be exposed to water. Personal injury and/or death could result.

Never handle the fan or motor with wet hands or when standing on wet or damp surface or in water. Fatal electrical shock could occur.

WARNING: Electric shock hazards—may cause severe personal injury or death. For your safety, turn off the electrical power supply before installing, moving, or servicing your fan to avoid any possible electrical shock hazards. Never make adjustments to the fan when in power is on.

WARNING:

Do not under any circumstances remove the power plug's ground prong or ground fault unit. For your personal safety, the fan must be grounded. The fan is equipped with a power supply with ground fault circuit interrupting device. Removal or tampering of power cord will void warranty.

Never use an extension cord to connect the fan to an outlet. All installations must be made into a grounded outlet.

UNPLUG THE FAN WHEN NOT IN USE.

WARNING: To reduce the risk of fire or electrical shock, do not use this fan with any solid state speed control device. This appliance has a 3-prong plug. To reduce the risk of electrical shock, this plug is intended to fit in an outlet only one way. If this does not fit outlet, contact a qualified electrician. Do not attempt to bypass this procedure.
