Lamp Manual	× 1

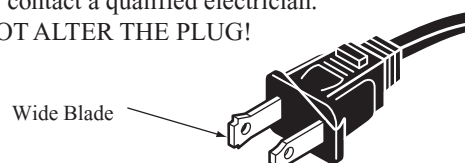

Safety Warning:

BULB TYPE:

Use only the bulb type and wattage indicated on Wattage Label placed on or near socket.
WARNING: NEVER EXCEED MAXIMUM WATTAGE Indicated as bulb may cause fire.

CAUTION:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature. This plug can be used in a polarized outlet only one way. If plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician.
DO NOT ALTER THE PLUG!

PROPER LAMP CARE:

Use a soft cloth to dust your lamp on a regular basis. Never use chemicals or an abrasive cleaner, to do so may damage the finish on your lamp.

TROUBLESHOOTING:

If fixture does not work:

1. Turn off electrical power and check all wire connections.
2. Check fuse or circuit breaker and replace if necessary.
3. Check to make sure light bulb is in working order.

Assembly Instruction

1. Screw Lamp post C onto Lamp base assembly A, then screw the other Lamp post D E one by one.
2. Pull out the Power cord B gently until the bottom of Center Assembly F reaches the top of lamp post E.
3. Rotate Center assembly F counter-clockwise by two turns, then screw Center assembly onto Lamp post E and tighten.
4. Put Lamp shade H onto Socket G and tighten it with Socket ring I.
5. Install E26 bulb J into socket G.
