

Use and Care Manual

Thank you for choosing the **Alderon Outdoor Patio Dining Chairs Set**. To ensure the longevity and beauty of your product, please follow these simple care instructions:

Use Instructions:

- **Assembly:**

Some assembly required; hardware and instructions are included for quick and easy setup.

- **Outdoor Use:**

These chairs are designed for outdoor use and can withstand various weather conditions. However, to extend their lifespan, we recommend using a cover when not in use, especially during extreme weather conditions.

- **Cushion Care:**

The cushions are made from high-quality Sunbrella fabric, which is weather-resistant and easy to clean. We recommend removing the cushions during extended periods of non-use to keep them dry and maintain their shape.

Care Instructions:

- **Cleaning:**

Wipe the aluminum frame with a soft cloth or sponge. For deeper cleaning, use mild soap and water. The cushions can be spot cleaned with mild soap or diluted bleach. Avoid using abrasive cleaners or scrubbers on the frame or fabric.

- **Protection:**

The frame is made of aluminum with a powder-coated finish for durability. However, prolonged exposure to harsh weather conditions may still cause wear. Using chair covers or storing them indoors during severe weather can help protect the chairs.

- **Storage:**

When not in use, store the chairs in a dry, cool location. If possible, cover the chairs with a protective cover to shield them from dirt, dust, and moisture.

Safety Precautions:

- Ensure the chairs are placed on a flat and stable surface to prevent tipping.
- Avoid dragging the chairs across rough surfaces to prevent damage to the frame or the floor.

We hope you enjoy your new **Alderon** outdoor dining chairs set. If you have any questions, please feel free to contact us.
