LIFETIME STAIN RESISTANCE LIMITED WARRANTY (Pet urine; food & beverage)

For the Warranty Period stated, the surface pile of your STAINMASTER® carpet will resist foods, and beverages, or pet urine stains (caused by domestic cats and dogs) that occur during normal residential use ("covered stains") subject to your compliance with the carpet care and cleaning obligations (including professional cleaning shown on page 3), INVISTA will, at our sole option, repair the affected area of your carpet containing the covered stain. If a repair cannot reasonably be made, we will replace the affected area of your carpet.

No carpet is fully stain proof. Therefore, INVISTA does not extend warranty coverage to any of the substances or causes of damage identified below ("non-covered stains"). The following are examples of non-covered stains excluded from this limited warranty:

- Non-food and non-beverage stains caused by substances, including, but not limited to, cosmetics, bleaches, inks, vomit, blood or feces, etc. (See lifetime pet vomit and feces limited warranty section).
- Stains caused by substances that destroy or change the color of the carpet, including, for example, but not limited to, stains caused by dyes (such as clothing or food coloring), bleaches, acne medications, drain cleaners and plant food.
- Color changes due to fading.
- These warranties do not cover the reappearance of previously cleaned stains ("wicking"). Stains that are saturated and result in "wicking" will release with additional re-cleaning.

PET VOMIT & FECES LIFETIME LIMITED WARRANTY FOR PETPROTECT™ CARPET STYLES

INVISTA warrants that with proper care and maintenance (including professional cleaning) your STAINMASTER® PetProtect™ carpet will not be permanently stained from exposure to pet vomit and feces from domestic cats and dogs only. This warranty coverage applies to indoor carpet installations only.

- If INVISTA determines that your carpet is stained, INVISTA will, at our sole option, repair or replace the affected area of

your carpet and will handle such claims per the Terms and Conditions.

LIFETIME SOIL RESISTANCE LIMITED WARRANTY

Over time any carpet may change color due to the accumulation of dry soil from foot traffic. INVISTA warrants that for the stated Warranty Period, subject to your compliance with the recommended carpet care and cleaning procedures, your carpet will not have a "noticeable color change" due to deposits of dry soil as a result of foot traffic from normal, indoor household use.

- If, after following the recommended carpet care and cleaning procedures (including professional cleaning shown on page 3) INVISTA determines that the noticeable color change is covered under this limited warranty, INVISTA will, at its option, repair the affected area of your carpet. If repair cannot reasonably be made, we will replace the affected area of your carpet.

Excluded from this limited warranty are color changes from grease, mud, asphalt, tar, paints, ink, rust, blood, cement, materials that permanently destroy dyes or alter colors (such as bleaches, acne medications, drain cleaners and plant food), urine, feces, vomit, appearance or color changes due to burns, pets, tears, cuts, pulls, shading or pile reversal, fading, furniture depressions or athletic equipment.

LIFETIME ANTI-STATIC LIMITED WARRANTY

For the expected life of your carpet, it will not generate static greater than 5.0 kilovolts (using AATCC)⁽²⁾ Test Method 134). If INVISTA determines that your carpet does not meet this anti-static limited warranty, INVISTA will repair your carpet. If a repair cannot be reasonably made, INVISTA will replace the affected area.

TEXTURE RETENTION LIMITED WARRANTY

During the applicable Warranty Period, the surface pile of your carpet when installed over carpet cushion meeting the standards described below will not, under normal residential use, show a significant loss of carpet pile texture from the carpet tufts bursting, blooming, opening or losing their twist.

- Texture retention is defined as the ability of carpet tufts to retain their visible shape and not burst, bloom, open or lose their twist, and is measured by using an international standardized rating scale.⁽³⁾
- This warranty is limited to loss of texture from foot traffic, resulting in tufts bursting, blooming, opening or losing their twist which cannot be corrected.
- If INVISTA determines that your carpet's texture rating is below the minimum standards for the reasons described above, INVISTA will, at its sole option, repair or replace the affected area of the carpet.
- In the U.S. carpet, must be installed over cushion which meets the HUD UM 72a, Class 1 standards. This certification sets minimum standards for carpet cushion for density (lbs./ft³), thickness (in.), weight (oz./sq.yd.), and other physical characteristics which determine performance.

- In Canada, carpet must be installed over cushion which meets all the minimum parameters as per CGSB(4) Standard 20-GP-23M entitled "Standard for: Cushion, Carpet, Flexible Polymeric Material." This standard sets minimum standards for carpet cushion padding for density (kg/m³), thickness (mm), and other physical characteristics which determine performance.

This limited warranty specifically excludes damage from pets or such things as tears, pulls, cuts, pilling, burns, furniture casters, athletic equipment, vacuum marks or heavy wheeled devices. Changes in appearance caused by matting, crushing, soiling, shading or pile reversal, corning, rippling, delamination, fading, or furniture depressions are also specifically excluded.

ABRASIVE WEAR LIMITED WARRANTY

During the applicable Warranty Period, your carpet will not incur Fiber Loss from Abrasive Wear (as hereinafter defined) by more than 10% in any area. "Fiber Loss from Abrasive Wear" is defined as actual loss of fiber, due to abrasion, from the surface pile of the carpet. If INVISTA determines that your carpet has incurred Fiber Loss from Abrasive Wear, INVISTA will, at its option, repair or replace the affected areas of your carpet.

FADE RESISTANCE LIMITED WARRANTY FOR PETPROTECT® CARPET STYLES

INVISTA warrants that with proper care and maintenance, your STAINMASTER® PetProtect™ carpet will not fade from exposure to sunlight or atmospheric contaminants (ozone or oxides of nitrogen).

This warranty coverage applies to indoor carpet installations only.

- If INVISTA determines that the noticeable color change due to sunlight or atmospheric contaminants exceeds the AATCC⁽²⁾ Gray Scale criterion, INVISTA will, at our sole option, repair or replace the affected area of your carpet per the Terms and Conditions.

The following are some examples of exclusions from this limited fade resistance warranty:

- Changes in carpet color due to air purifiers, photocopiers or other electronic equipment that emit significant amounts of ozone.
- Changes in carpet color resulting from external causes, such as spills of household chemicals, improper cleaning and other non-food and non-beverage substances.
- Gradual fading over time from pesticides, cleaning agents, benzoyl peroxide and other household items.
- Noticeable color change due to accumulation of dry soil as a result of foot traffic from normal, indoor household use.
