

# PERGO® WATERPROOF

Waterproof, **real wood** floors  
with Pergo durability.

FEATURING

WetProtect

**PERGO®** WoodCraft™  
WATERPROOF ENGINEERED HARDWOOD FLOORS

Your home  
deserves  
our floors.

## Real hardwood. Seriously waterproof and totally worry-free!

Active families will love our worry-free, engineered hardwood floors. That's because they're real hardwood engineered for better performance. In fact, these Pergo hardwood floors are 4X more scratch, wear and dent resistant than ordinary hardwood.\*\* And not only are they durable, they're waterproof too. That's right, real engineered hardwood that's waterproof guaranteed.

WetProtect® technology offers the right kind of waterproof technology with lifetime protection against spills, splashes and pet accidents. So there's no need to worry about mishaps you might miss. Plus, unlike traditional hardwood floors, Pergo WoodCraft can be wet- or steam-mopped for easy cleaning. And they're so easy to install you can do it yourself — making them the perfect floor for any home.

# WetProtect

## The right kind of **WATERPROOF.** **GUARANTEED.**

Did you know that a floor can be “waterproof” even if it doesn’t protect your subfloor?

In fact, many waterproof floors only protect the surface of your floor, leaving your subfloor vulnerable to any water that leaks through.

Now, there’s WetProtect®, a waterproof system that holds nothing back — so you can live boldly on your Pergo® floors without worrying about causing damage underneath. With water-tight joints that prevent subfloor damage, a waterproof finish that traps spills and splashes on the surface, and a waterproof quarter round molding, WetProtect is full-coverage waterproofing that is not only backed by a lifetime waterproof warranty\* — it’s the only waterproof flooring system that comes with a **lifetime surface and subfloor warranty!**

**WITH WETPROTECT SUBFLOOR PROTECTION**  
A waterproof finish and watertight locking joints keep liquids on the surface so they won’t damage the subfloor.

**WITHOUT SUBFLOOR PROTECTION**  
Many waterproof floors only protect the surface of your floor, leaving your subfloor vulnerable to any water that leaks through gaps in the floor causing mold, mildew or subfloor damage.

Lifetime Surface & Subfloor  
**WATERPROOF WARRANTY**

# Beauty by nature. Durability by Pergo.

It's hardwood. Improved. And totally worry-free.

## LOCKS OUT LIQUIDS.

WetProtect® is full-coverage waterproofing that is not only backed by a lifetime waterproof warranty\* — it's the only waterproof flooring system that comes with a lifetime surface and subfloor warranty!

## SUPERIOR SCRATCH, WEAR AND DENT RESISTANCE.

Our advanced technology is 4X more scratch, wear and dent resistant than ordinary hardwood floors.\*\*

## EASY TO MAINTAIN.

Remove dirt and dust with a dry micro-fiber mop or vacuum with a hard floor attachment.

## A BEAUTIFUL FINISH.

Once your floor is installed, finish it with coordinating molding and trim.

## DIY-FRIENDLY INSTALLATION.

The patented locking system makes installation a snap.

## INSTALL ANYWHERE.

Pergo® WoodCraft™ can be installed on all levels of the home, even basements when a moisture barrier is used.

## AUTHENTIC HARDWOOD SURFACE.

Natural hardwood engineered for greater stability and easier installation.

## STEAM MOP APPROVED.

For a deep clean wet or damp mop. This floor is also approved for use with a steam mop. Please read care and maintenance instructions before cleaning.

## PERFORMANCE UNDERFOOT.

This flooring requires underlayment. We recommend Pergo Gold® for industry-leading thermal and sound insulation and moisture protection.

## INDUSTRY-LEADING WARRANTY.

One of the best warranties in the industry (Lifetime for Consumers, 10-Year Light Commercial) ensures our floors' timeless beauty really is timeless.

## ENVIRONMENTALLY RESPONSIBLE.

Pergo WoodCraft is FloorScore® certified and meets or surpasses industry standards for environmental safety.

\* See warranty for complete details.

\*\* Based on standard testing compared to a randomly selected sample of competitive hardwood floors.

It's the next level  
in engineered  
hardwood.

# Pergo works hard so you can play harder.

- Real wood décors in a variety of species on an engineered platform for increased durability and easy installation.
- Special surface coating is 4X more scratch, wear and dent resistant than ordinary hardwood floors.\*\*
- Lifetime Residential | 10-year Light Commercial Warranty\*.
- Full-coverage waterproof protection backed by a lifetime surface and subfloor waterproof warranty.

## Built tough.

Our engineered hardwood floors are built to take the wear and tear of a busy family.

### Waterproof surface

A waterproof finish repels water away from joints and keeps moisture on the surface where it can evaporate or be easily cleaned away.

### Protective overlay

Our patented protective overlay is 4X more scratch, wear and dent resistant than ordinary hardwood floors.\*\*

### Premium hardwood veneer

Real wood veneers give your floors authentic graining, wood movement and texture.

### Premium core board

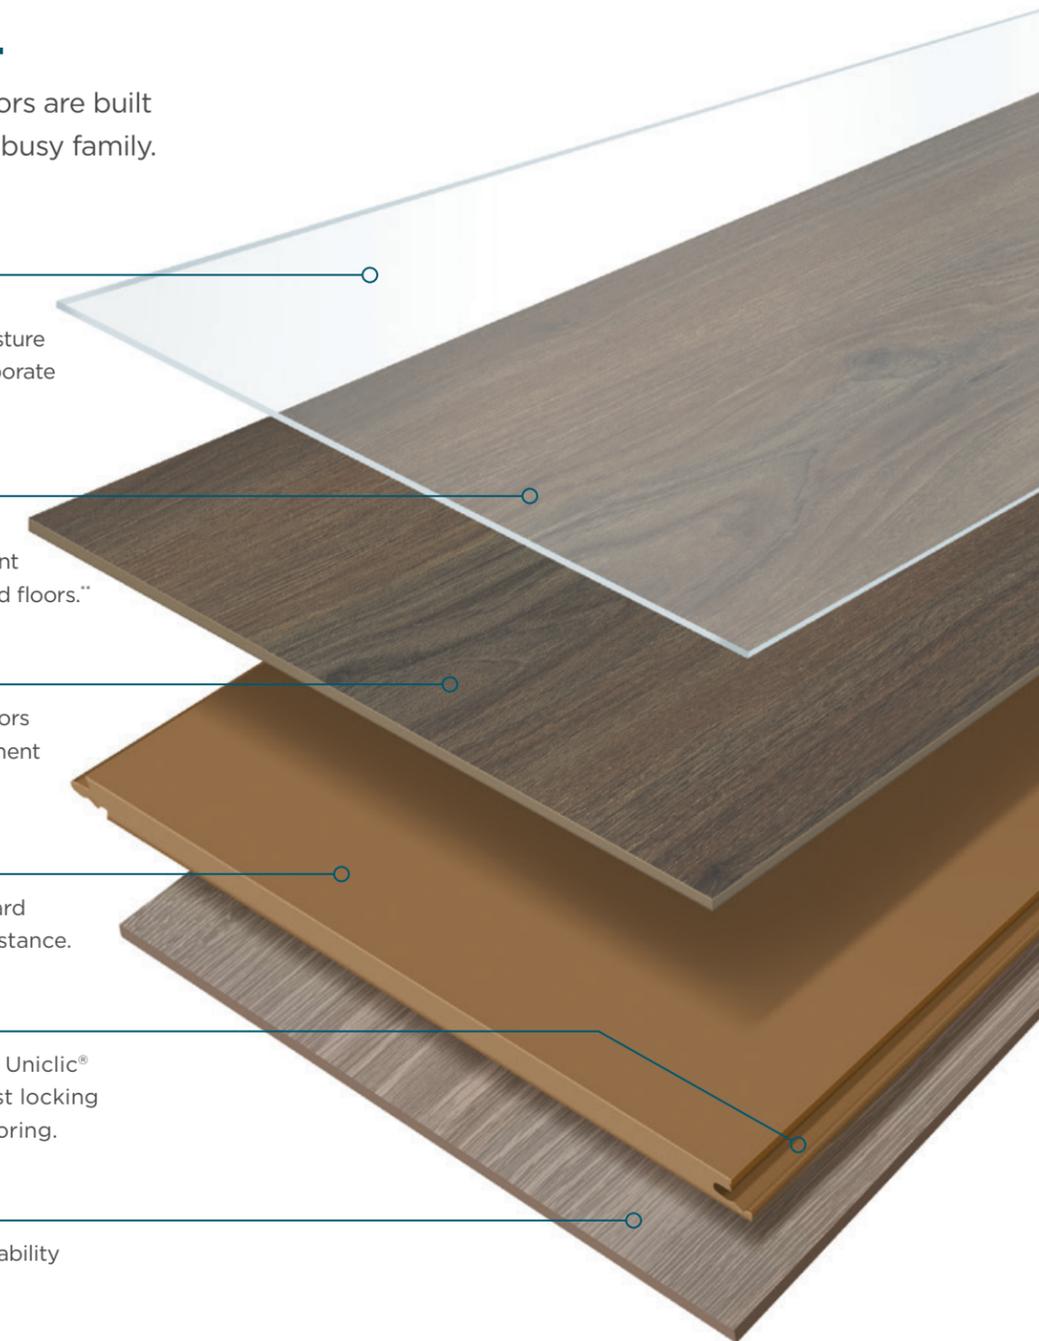

A core of high-density fiberboard provides stability and dent resistance.

### Water-tight joints

Precision milling and patented Uniclic® technology provide the tightest locking system of any hard surface flooring.

### Balancing backing layer

The balancing layer increases stability to prevent bowing or twisting.

## Easy to install.

Because our Pergo® WoodCraft™ Engineered Hardwood floors are waterproof you can install them anywhere in your home — including kitchens, baths, mudrooms, laundry rooms — even basements. You'll follow the same basic Pergo installation instructions but with a few added steps. You'll find complete installation instructions in the box and online at [lowes.com](https://www.lowes.com).

\* See warranty for complete details.

\*\* Based on standard testing compared to a randomly selected sample of competitive hardwood floors.

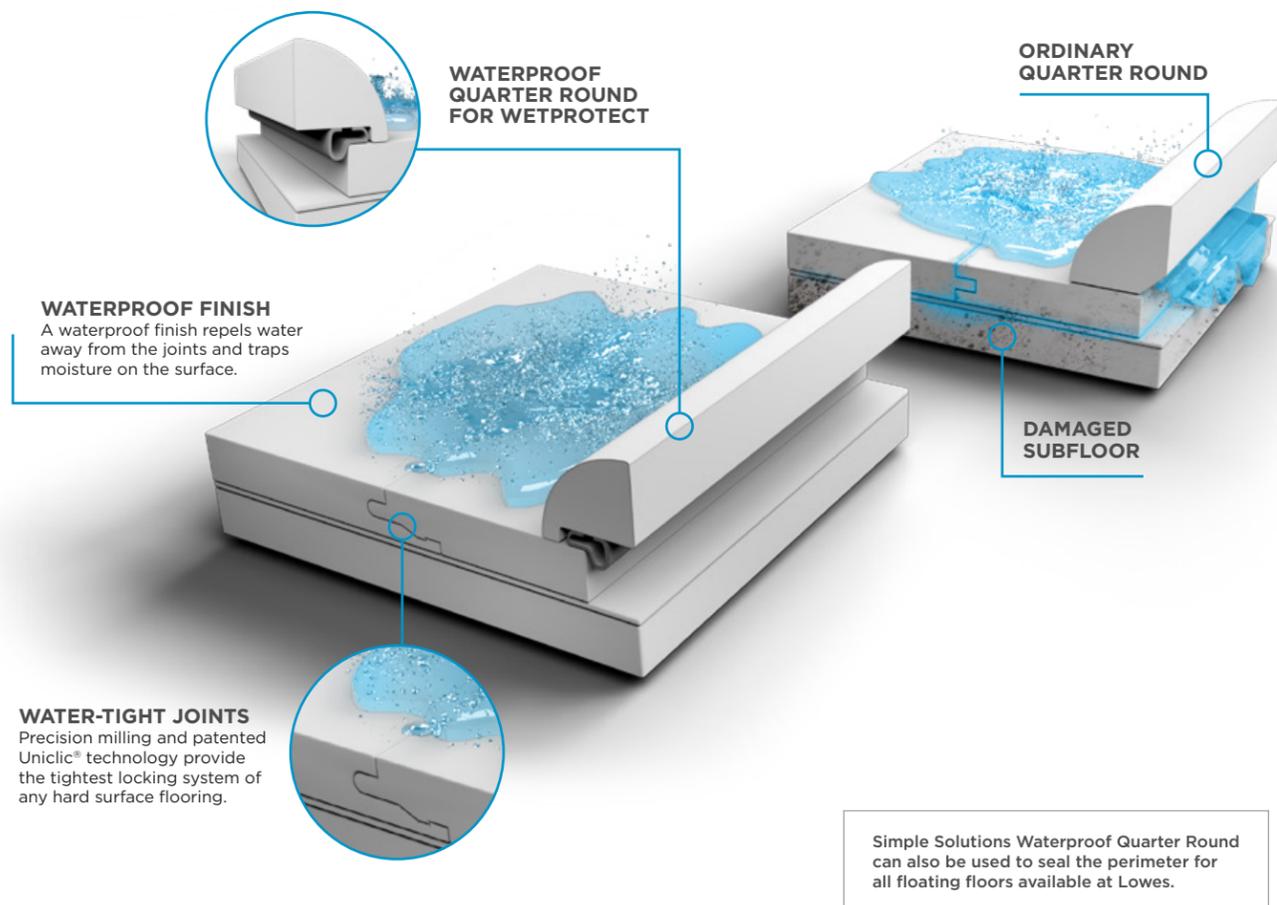

# Wall to wall waterproof.

Introducing the new Simple Solutions® waterproof quarter round for Pergo® floors featuring WetProtect® technology.

This paintable waterproof molding is designed to cover the expansion space between the floor and the wall to provide a waterproof perimeter seal that adds an additional layer of protection for your subfloor.
