Highland Ridge™

ColorBody™ Porcelain Tile

Highland RidgeTM

The beautiful Scottish Highlands are known for their rich surplus of natural slate. Today, we've captured the splendor of this enchanting region with Highland Ridge. Created to emulate natural slate, this rustic tile features a distinctive, textured surface complemented by four random shade/color variations. In addition to its three modular sizes, which make it ideal for patterning, its style is enhanced by two-color blend accent designs. A unique 1" x 3" mosaic further emphasizes its mesmerizing beauty. Slate-like and dramatic, Highland Ridge represents nature at its finest.

Tile Thickness: 1/4" Recommended Grout Joint: 3/16"

Shade Variation: Random

Strong random shading is part of the natural beauty of this product. To achieve the maximum intended results, tile should be pulled from multiple cartons and placement decided upon prior to installation.

information

applications

	Residential	Light Commercial	Commercial
Floors†	X	X	X
Walls/Backsplashes	X	X	X
Countertops	X	X	X
Pool Linings	X	X	X

† Water, oil, grease etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. For additional information, refer to "Factors to Consider" at www.americanolean.com/ResidentialFactors

- Suitable for exterior patios (excluding pool decks) and walls in freezing and non-freezing climates when proper installation methods are followed
- Satisfies ADA requirements for walkway surfaces.
- Not for use on ramps

price structure

Premier

Preferred

Stylish and elegant looks. Each tile is created through traditional firing processes and glaze techniques.

Premium

Sophisticated visuals and detailed surfacing. A process of multiple glazes results in an attractive, cultured surface.

Premier

Inherent visual color and depth. A complex process of design brings out the rich, more upscale texture and look of elegant porcelain as well as a variety of other tiles.

Prestige

Natural characteristics and realistic attributes. Captures the inherent beauty of natural stone. Highly complex design techniques are also applied to rich porcelains, unique glasses and other materials to create surfaces with distinctive physical and natural qualities.

cleaning procedures

- Remove loose dust and dirt with a damp cloth or a sponge
- Use a neutral, non-abrasive cleaner suitable for ceramic tile
- Remove cleaning solution with a clean, damp sponge or mop

special notes

Since there is shade variation in all fired ceramic products, the tile and trim supplied for your particular installation may not match these samples. Final selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions.

Strong random shading is part of the natural beauty of this product. To achieve the maximum intended results, tile should be pulled from multiple cartons and placement decided upon prior to installation.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the tile surface.
