

Care and Maintenance

Your Flexitec® premium cushioned vinyl flooring will provide years of carefree use. You will find that it is not only beautiful, but durable. It is also much easier to maintain than most other flooring products, because of the tough protective finish and moisture resistance.

It only takes a few simple care and maintenance steps to keep your Flexitec® floor looking new for years to come.

To keep your floor clean:

Sweep the floor with a soft bristle broom to remove loose dirt.

Wash the floor with non-abrasive floor cleaner.

For every day maintenance, a mop moistened with warm water will suffice.

Make sure furniture legs have large surface, non-staining floor protectors. Replace small, narrow metal or dome-shaped glides with smooth, flat glides that are in flat contact with the floor.

Heavy furniture or appliances that are not moved often should be equipped with flat, non-staining composition furniture casters or cups of appropriate size.

Always read the cautionary information on all cleaners prior to use.

Important: Never push, pull or drag furniture, appliances or other items across the floor. When moving furniture or heavy items, always lift and carry the items. Use furniture sliders (available at most hardware and general merchandise stores).

Follow the remedies in order. Unless instructed otherwise, use a clean, white cloth or towel with products recommended for vinyl flooring. Always rinse the affected area with clean water after treatment.			
Stains & Spills	Acids, Alkalis, Blood, Catsup, Mustard, Food, Fruit & Fruit Juices.	Candy, Cleaners, Strong Soaps, Dye, Dye Markings, Urine & Excremaent	Grass, Iodine, Mercuriochrome & Rust
Remedy	Scrub area with cleaner full strength. Rub the area with a 10 to 1 dilution of water to liquid bleach. Rub the area with isopropyl alcohol. If rust stain does not respond, use lemon juice or a cream of tarter solution.		
Paint & Solvent Spills	Dry Cleaning Fluids, Lacquer & Latex Paint	Nail Polish, Solvents & Oil-Based Paints	Wood Stains & Varnish
Remedy	If substance is dry, gently peel it from the floor. (Avoid sharp instruments that could scratch the floor.) Scrub area with cleaner. Rub lightly with odorless mineral spirits or paint thinner.		
Substances that won't wipe up	Adhesives, Asfalt & Chewing Gum	Oil & Grease	Candle Wax & Tar
Remedy	Carefully remove excess with a dull kitchen knife or fingernail. Scrub area with cleaner. Rub lightly with odorless mineral spirits, isopropyl alcohol or lighter fluid.		
Scuffs & Smudges	Rubber Heel Marks	Shoe Polish	Scuffs & Smudges
Remedy	Rub the scuff with fingertip, rubber will come right off. (Friction from the rubbing will remove rubber.) Scrub area with cleaner. Rub lightly with isopropyl alcohol or lighter fluid.		
Caution	Isopropyl alcohol, lighter fluid, odorless mineral spirits and paint thinner are flammable solvents. Carefully read and follow cautionary information on label. Keep traffic off treated area for 30 minutes.
